Also, this responsibility includes compliance with the provisions of art. 82 from Law no. 24/2017 and Regulation no. 5/2018 and maintaining adequate supporting documents regarding the Current Report. ## *Auditor's Responsibility*

4. Our responsibility is to analyze the reported transactions included by the Company in the Current Reports and to report in the form of an independent conclusion of limited assurance, based on the evidence obtained. We conducted the engagement in accordance with International Standard on Assurance Engagements („ISAE”) 3000 as adopted by the Romanian Financial Auditors Chamber regarding the assurance engagements other than Audits or Reviews of Historical Financial Information. This standard requires that we plan and perform our procedures in order to obtain a corresponding assurance level of whether the transactions included in the Current Report, are in accordance, under all material aspects, with art. 144, paragraph B, point 4 of Regulation no. 5/2018, as a basis for our independent conclusion of limited assurance.
5. We apply the International Standard on Quality Control 1 and, accordingly, maintain a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements. We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.
6. The selected procedures depend on our understanding of the Current Report and of other circumstances of the engagement, as well as our considerations on areas where material misstatements may occur. In developing our understanding on the Current Report and on the transactions reported in the Current Report we took into consideration the Company's internal control relevant to the preparation and presentation of the Current Reports in accordance with the provisions of art. 82 of Law no. 24/2017 and Regulation no. 5/2018 in order to establish the procedures that are appropriate in these circumstances, but not for the purpose of expressing a conclusion on the effectiveness of internal control for the preparation and fair presentation of the Company's Current Report and the transactions reported in the Current Report.
7. Limited assurance is narrower than absolute or reasonable assurance. The procedures for obtaining evidence for a limited assurance engagement are more restricted than in a reasonable assurance engagement, and therefore the level of assurance obtained is lower than in a reasonable assurance engagement.
8. As part of this engagement, we have not performed audit, review or verification procedures of the Current Report and on the transactions reported in the Current Reports in accordance with the International Standards on Auditing or International Standards on Review Engagements adopted by the Chamber of Financial Auditors of Romania, nor on the sources from which the Current Report and the transactions reported in the Current Report were extracted. Our procedures were only performed in connection with the Current Report from March 29, 2018. We have not performed other additional procedures to verify whether the Current Report includes all contracts with managers, employees, shareholders, as well as their affiliated entities, to be reported according to Art. 82 of Law no. 24/2017 with the subsequent amendments, for the period January 1 – June 30, 2018.

## *Procedures Conducted*

  - For the contracts presented in the Current Report, we verified that the contextual details correspond to the underlying signed agreements and that the contracts were signed by the appropriate management levels;
  - We discussed with the management the manner in which the prices were set and whether the prices were mutually agreed. We analyzed if the respective transactions are performed in accordance with the signed and approved contracts.
10. Our conclusion was formed on the basis, and in connection with, the aspects presented in this Report. We believe that the evidence obtained, based on the procedures and tests performed, is sufficient and appropriate to provide a basis for our conclusion with of limited assurance.
