- Ludwik Sobolewski, BVB CEO: MedLife and CONPET join the prodigious group of companies meeting the highest standards as regards to their communication with the investors
- InvestingRomania.com now includes 15 companies listed on the Bucharest Stock Exchange

Companies [MedLife \(M\)](#) and [CONPET \(COTE\)](#), which were included in BET index three months ago, are now part of the [InvestingRomania.com](#) project, the first informational engine dedicated to investors launched by the [Bucharest Stock Exchange \(BVB\)](#) and [AGERPRES](#).

Following the decision to include MedLife and CONPET in InvestingRomania.com, the investors will gain access to AGERPRES news, the analysts' reports on these companies and will be able to use the stock picker, a tool allowing them to compare multiple trading and financial indicators. CONPET has the transport through pipelines and by rail of the domestic and import crude, rich gas, condensate and liquid ethane to the refineries as core business and Medlife is the largest private healthcare services provider in Romania.

„MedLife and CONPET join the prodigious group of companies included in InvestingRomania.com that meet the highest standards as regards to their communication with the investors. Shortly after launch, this portal has gained appreciation and followers both locally and internationally from individual investors and institutional ones alike,” says Ludwik Sobolewski, CEO of BVB.

The selection of the companies included in this project is done very thoroughly, BVB CEO says. „For a company to be featured on InvestingRomania.com, the Bucharest Stock Exchange took into account a number of criteria such as reporting through the new IRIS system, both in Romanian and in English, good corporate governance, and coverage by at least two financial analysts,” explains Sobolewski.

[InvestingRomania.com](#) includes relevant content from the Romanian capital market using four sources of information: AGERPRES news, analysis and estimates of financial analysts, current and periodic reports submitted to the Bucharest Stock Exchange and news coming from listed companies. Since its launch on April 11th, the portal has been visited by over 35,000 users who had accessed more than 100,000 pages. One-third of visitors is made up of people aged between 25 and 34. Most views came from Romania, followed by Poland, UK, Germany and US.
