MARKET RELEASE

CONPET S.A. Ploiesti informs the investors that, in the Official Gazette of Romania part I, no.203/14.03.2019 was published the NAMR Order no.172/12.03.2019 that amends the Order no.13/2010 on the approval of the transport tariffs of the Crude oil, Rich gas, Condensate and Ethane via the National Transport System.

By N.A.M.R. Order no. 172 of March 12th 2019 the new transport tariffs in relation to Rompetrol Rafinare S.A. have been approved. For the tranche up to 120 thousand tons the approved tariff is of 14 RON/ton and for the tranche over 120 thousand tons is of 12 RON/ton and they have been applied starting with 14th March of 2019. The tariffs applied prior to Order no. 172/2019 were of 27 RON/ton for the tranche up to 120 thousand tons and 24.74 RON/ ton for the tranche over 120 thousand tons.

We hereby specify that the tariffs have been updated following the increase of the contracted quantities, up to 120 thousand tons/year in 2019, by approximately 80 thousand tons, higher than the quantities transported in 2018 (200%) and, taking into consideration the new conditions, the revenues will increase by approx. 700 thousand RON. The tariff updates were made in accordance with the provisions of art. 8, para. (2) of the NAMR Order no. 53/2008, according to which: "Each semester NAMR may review the regulated transport tariffs on its own initiative or at the substantiated request of the owner of the oil transport agreement if at least one of the parameters of the substantiation data considered in their establishment suffers in real terms a variation larger than +/- 5%."
