Important events to report: Current report – Sanctions applied at Zalau plant

The National Environmental Guard - Salaj County Division drew up a report ordering the application of some measures regarding CEMACON SA - Zalau plant, for alleged violations of some provisions of the Integrated Environmental Authorization of the Zalau plant. The applied sanctions are a fine of 160,000 lei and the complementary measure of suspending the activity at the Zalau plant until the regulation. CEMACON SA challenged in court the ordered measures, these being suspended until a final decision is pronounced by the courts.

We consider that the action of GNM Salaj is abusive, the report is superficially drawn up, the conclusions of the environmental inspectors are lacking legal and factual support and totally unfounded. CEMACON SA will appeal to all legal steps to demonstrate that all obligations arising from the Integrated Environmental Authorizations have been complied with.

Liviu Ionel Stoleru
Chairman of the Board
