Preliminary Financial Statements 2025

Individual and Consolidated

Management's message

Dear shareholders,

BRK Financial Group today publishes its preliminary financial results for 2025 and reports a profit from core activities of RON 3.23 million (2024: RON 6.37 million), a positive result from investment activity of RON 3.77 million (2024: RON -13.08 million), and a net profit of RON 7.0 million (2024: RON -6.7 million). Below we will briefly explain the main developments in the business segments.

The year 2025 marks the Group's return to profit, against the backdrop of the recovery of its own portfolio performance and prudent financial risk management.

Revenues from core activities amounted to RON 21.06 million (2024: RON 26.21 million). The brokerage segment generated total revenues of RON 10.61 million (2024: RON 14.94 million), and the result of brokerage activity amounted to RON 4.60 million (2024: RON 7.02 million). The market making segment recorded total revenues of RON 10.45 million (2024: RON 11.27 million) and a result of RON 7.22 million (2024: RON 7.89 million), maintaining an important contribution to the profitability of the core activities. Core activity expenses decreased to RON 15.81 million (2024: RON 17.28 million), reflecting an optimization of the cost structure.

The result from investment activities was positive, amounting to RON 3.77 million, compared to a loss of RON 13.08 million in 2024. This development is mainly due to: net gains from the fair value measurement of financial assets through profit and loss (+RON 4.00 million), a significant reduction in provisions for non-current financial assets, and an improvement in the net result from transactions.

The year 2025 reflects the stabilization of activity and a return to profit, with a more balanced financial structure and a reduced level of indebtedness. In the context of financial market volatility, the company has managed to consolidate its capital position and improve its investment results. Management will remain focused on: strengthening the market making segment, cost efficiency, prudent management of its own portfolio, and increasing shareholder value.

Thank you for your trust!

**Chairman of the Board of Directors,
Raducu Marian Petrescu**
